

## COACH "BIG BILL" VISITING IN WEST

Director of 1910 University of Missouri Football Team Saw Reno Fight.

### HIS FOOTBALL PROWESS

Not Known Yet When Hollenback Will Arrive in Columbia.

William "Big Bill" Hollenback, formerly captain of the Pennsylvania football team, who will coach the Tigers at the University of Missouri next fall, is spending the summer in the West. In a letter to the University Missourian, his brother, Dr. J. C. Hollenback, stated that "Big Bill" attended the fight at Reno, July Fourth and that since then he has been visiting Senator Nixon, of Nevada.

It is not known when he will arrive in Columbia, but he is expected shortly after school opens. He is a member of the dental firm of Hollenback Brothers, in Philadelphia. His brother sent the following clipping from a Philadelphia newspaper of December, 1908, telling of "Big Bill's" prowess on the gridiron:

A consensus of selection of players to compose an All-American team finds Captain William "Big Bill" Hollenback, of the University of Pennsylvania, in the lead with a perfect score of 20 out of 20; but in many cases he was brought into the game as a halfback and not fullback.

There are many reasons why he was chosen by all of the critics, but he was chiefly chosen because of his splendid all-round ability.

Whereas, Coy, of Yale, and Tibbott, of Princeton, were as good as "Big Bill" in advancing the ball, neither could offer the faultless defence which stamped Hollenback as a star. Tibbott required a start or a broken field. Coy must have his mates tug and drive him. Hollenback did some line bucking against Brown which Coy could not do; "Big Bill" checked the Brown team's line backs and end runs, a thing which Coy could not perform. Hollenback stopped Lafayette's line dives while Tibbott was only partly successful.

Tibbott could not kick while Hollenback and Coy did the punting for their teams. Coy booted the ball further than the Red and Blue star, but the Penn captain shot the hardest twist of the season for a quarterback to handle. Every man who caught Hollenback's soars remarked that they were the most difficult kicks to catch that they had been called on to accept.

Hunter Scarlett was tie with Coy, both securing 18 out of 20. Scarlett was picked because he was one of the fastest ends in America. He tackled low and hard and while at times he overran his man he was rarely boxed by the backs. Then Scarlett missed but four goals from a touchdown, which when it is considered that Pennsylvania made 215 points, is wonderful.

Dexter Draper, of Penn. drew 17 points, but unfortunately Draper played late in the season, after the Indian game and he did his sensational work in the West, against Michigan. Draper was as spry a tackle as the year produced, a certain catcher of forward passes and he was speedy and seldom wasted his powers unless the occasion necessitated.

Fish, of Harvard, was granted 14 points, and Tibbott, of Princeton, was awarded the same number.

Schildmiller, of Dartmouth, as end, and, Tobin, of the same team, captured 13 points, while Goebel, of Yale, took 11.

The centre position was much of a mystic maze as some critics took in the West and others passed it up entirely. Schultz, the great Michigan giant, drew 10 votes; Mourse, of Harvard, 5; Harper, of Dartmouth, 3; Morse, of Williams, 2; Tibbott, of Princeton, drew 3 votes as a back. Ver Wiebe, of Harvard, 5; Corbett, of Harvard, 3; Walder, of Cornell, 2; Mayhew, of Brown, 1.

The quarterback was a jumble of names and differentiations. Had the Indians been eligible it would have been Balenti, of Canisius, if Chicago was to be considered it would be Steffen, but Miller, of Penn. 8; Lange, of Annapolis, 6; Steffen, of Chicago, 4; but many counted out the Western teams, Pishon, of Dartmouth 3, and

### MAY RAIN TONIGHT

Cooler Weather Promised For Tomorrow Will Be a Relief.

"Probably showers tonight and Thursday. Cooler Thursday" is the cheering prediction of the weather for Columbia and vicinity this afternoon. Today the mercury worked itself into another frenzy and did not stop until it reached 97. This is as far up the bulb as it has managed to climb at any time this summer. It reached the same altitude yesterday.

The cool wave promised from the north has aroused hope and anticipation—and Columbians swelter as they wait for that promised relief.

The temperatures for today were:  
7 a. m. .... 79 11 a. m. .... 91  
8 a. m. .... 81 12 noon .... 93  
9 a. m. .... 84 1 p. m. .... 95  
10 a. m. .... 90 2 p. m. .... 97

this would make a consensus team lineup as follows:

Ends: Scarlett, of Penn. Schildmiller, of Dartmouth.

Tackles: Draper, of Penn. Fish of Harvard.

Guards: Tobin, of Dartmouth; Goebel, of Yale.

Centre: Schulz, of Michigan.

Quarterback: Miller, of Penn.

Back Field: Tibbott, of Princeton. Coy, of Yale. Hollenback of Penn.

## MAY LOSE HACKNEY

Rumored That Football Star May Not Enroll at M. U. in Fall.

T. D. Hackney, the "boy with the educated toe," whose two timely place kicks helped so materially in winning the football game for Missouri from Kansas last Thanksgiving day and who has been counted as one of Missouri's strong assets for the coming season, may not return to school this fall. Such is the statement of a University of Missouri boy who recently visited in Springfield.

Hackney has been spending the summer in the lumber camps in California and but recently returned to his home. It is said by friends in Springfield that Hackney's father has objected to young Hackney taking such an active part in athletics in school and for this reason he may not return. Hackney was also on last year's basketball team and tried out for the baseball team but did not make his "M" in the latter event.

Should Hackney not return to school Missouri's mainstay in the kicking line will be Eugene Hall, of Jefferson City, who so successfully outpunted "Tommy" Johnson of Kansas in the game last year in Kansas City.

### A MOVE FOR BETTER WHEAT

Oklahoma's Crop Is Large, But the Quality Is Inferior.

GUTHRIE, Okla., Aug. 24.—The state board of agriculture is to join with the agricultural commissioner of one of the trunk line railroad companies in Oklahoma in an effort to induce Oklahoma farmers to sow only pure seed wheat, to the end that no shipments of mixed wheat will be sent to outside markets.

A "Better Wheat Train" will be sent to the wheat growing counties, with lecturers, and exhibits of wheat and flour, to make plain to the farmer how he may increase his profits in raising wheat.

It is estimated that Oklahoma produced 24 million bushels of wheat this year, but that lack of purity in the seed will reduce the value of this crop by 3 million dollars. The pure hard Turkey Red wheat grown in Oklahoma is superior for milling purposes. Minnesota millers this year asked for 10 million bushels of pure hard Oklahoma wheat, but could not find it, the bulk of Oklahoma's wheat being a mixture of several varieties.

The Oklahoma crop is from a month to six weeks earlier than the crop in other Western wheat states, and for that reason is an important factor in the wheat market for that period. If to this advantage of early market could be joined the further advantage of pure wheat shipments, the Oklahoma wheat grower would be more prosperous.

### Negro Arrested For Assault.

Sylvester Mitchell, a negro, was arrested this morning at the complaint of Sallie Christian, a negro, who said that Mitchell threw an empty ketchup bottle at her, which broke when it struck her, and cut her wrist and arm. Mitchell will be tried tomorrow morning in police court for common assault.

## CANDIDATES MUST FILE EXPENSE LISTS

Law Provides That Accounts of Expenditure be Given to County Clerk.

### HAVE UNTIL SEPTEMBER 2

Failure to Comply With Statute Carries Fine of \$1,000.

Official notification of the law providing for the filing of expense accounts of candidates for election to county and state offices with the county clerk of every county in the state was received this week by the county clerk of Boone county, John L. Henry, from the secretary of state. The law provides that all the money used by the candidates in making the campaigns for nomination and election, exclusive of travelling and boarding expenses, shall be listed with the clerks.

The amount of money which is allowed the candidate is regulated according to the number of votes cast in the county or district. In Boone county, where the total vote is less than 5,000, each candidate is allowed \$100 expenses. In other counties and districts, where the vote is more than 5,000, the candidates are allowed \$2 for each additional 100 votes cast.

The candidates are given one month to file the accounts. The accounts contracted during the campaign before the August primary must be with the county clerk before September 2. The maximum fine for failure to comply with the rule is \$1,000. Two candidates in Boone county have filed their accounts already. All the men in race for nomination, whether successful or not, are required to comply with the law.

The object of the law is to prevent the expenditure of large sums by politicians in the campaigns for offices. The law has been in force several years, but not until this year has special attention been called to it by the state officials.

### BLUCK WILL NOT RETURN

Star Football Tackle of Last Year's Team says He Will Not Enroll.

J. R. (Puny) Bluck, the suspended captain-elect of the University of Missouri football team, seen recently at his home in Nevada said that he did not intend to enroll at the University of Missouri for the 1910-11 term of school. Bluck said that he had tried to enroll for the summer session in order to try and catch up in his work and enable him to complete his course in engineering but that permission to enroll was refused him on account of his suspension last spring. Bluck probably will not play football with any college team this year.

## AGED RESIDENT OF COLUMBIA DEAD

Mrs. Caroline Wingo, 91 Years Old, Passed Away Today.

### FUNERAL TO BE TOMORROW

Was Married Here in 1837—Death Due to Old Age.

Mrs. Caroline Wingo, 91 years old, died at 7 o'clock this morning at her home at 1004 Wilkes boulevard. She had been in poor health for several years, and her death was due to old age and general infirmity.

She is survived by her husband, William Wingo, and two step children, Mrs. Della Wells, of Montana, and J. T. Wingo, of Columbia. She was married in 1837.

Her husband attended the University of Missouri in 1842. At that time, there were only seventy-seven students enrolled. He took a course in mathematics, but did not graduate.

The funeral services will be held at 11 o'clock tomorrow at the Rocky Fork church.

### PREDICTS 93,000,000 POPULATION

Columbia University Statistician Figures Rate of Income at 9.72 per cent. NEW YORK, Aug. 24.—A Columbia University statistician has been comparing the census figures thus far announced at Washington with those of the previous enumeration. He figures that the average gain thus far shown is 9.72 per cent.

If a similar percentage applies to the rest of the country, the net gain for the whole country will be about 17,300,000, making the total population of the continental United States over 93,600,000.

### OLD MISSOURI HOUSE AND YARD

Visitors at "Homecoming" Will Be Reminded of Pioneer Days.

The Women's Missouri Development Association, an auxiliary of the Missouri Immigration Commission, will have a Missouri cottage on the grounds of the Moberly "Show-You" Homecoming Congress, on September 7, 8 and 9. The cottage will be under a tent and will be built to represent the old Missouri home, with its wide lawn.

An old-fashioned well, with its oaken bucket and gourd, also will be provided. Miniature gourds will be distributed as souvenirs to the visiting Missourians by a reception committee of women dressed in homespun and Missouri poke bonnets. The reception committee will be appointed by Mrs. John Curran, wife of Chief Immigration Commissioner Curran.

Mrs. Curran will go to Moberly Tuesday, to meet there the ladies interested in the Women's Development Association and plan for the cottage.

It also is planned to have a chorus of eight native Missouri girls, dressed in homespun, to sing the old songs for the entertainment of the homecoming Missourians.

## ELLWOOD TO LECTURE

Kansas City Board of Education Gets Room for University Course.

KANSAS CITY, Mo., Aug. 24.—The board of education has granted the use of the Greenwood Club room in the public library to the Missouri University for a winter's course of lectures on sociology and political economy. Local directors of this university extension work will be: Judge H. L. McCune of the school board, chairman; Jacob Billikopf, secretary and treasurer; Prof. I. I. Cammack, Dante Barton, Walter C. Root, the Rev. Charles W. Moore and H. M. Beardsley.

The widest public interest in Kansas City is hoped for these lectures, which necessarily will be free of admission charges. They are intended to promote the right solution of problems with which Kansas City, like all big cities has to deal. There will be thirty lectures in the full course, beginning about October 15. On alternate Saturdays the lecture will be by one of the three instructors of the university's sociological department—Professor Ellwood, Professor Parmelee and Mr. Cross. The Saturdays between will be given to lectures on special related subjects by local speakers or by specialists brought from other cities. Credits in the Missouri University course will be given to those who regularly attend the course.

### By Professor Ellwood:

Lecture 1. Evolution and Social Problems. After outlining the field of sociology, the bearing of the theory of evolution on social problems and practical social work is discussed.

Lecture 2. The Problem of the Family. The function and evolution of the family in human society are first shown, then the present problems of the family and their bearing on practical work are discussed.

Lecture 3. The Immigration Problem. The social, economic and biological aspects of the assimilation of our recent immigrants in connection with practical work are discussed.

Lecture 4. The Negro Problem. The social, economic and educational status of the American negro is discussed as a practical problem.

Lecture 5. The Problem of the City. The evolution of the city, the biological and psychological conditions of city life are discussed in their relations to practical social work.

By Assistant Professor Parmelee:

1. The Criminal. A study in anthropology and sociology.

2. Criminal Procedure. The method of separating the criminal class from the rest of society; individualism of punishment; reform of procedure, etc.

3. Penal Institutions.

By Mr. Cross:

A. Public Policy in the Care of the Dependent, Defective and Delinquent Classes.

B. The Treatment of Poverty. (1) The conditions of poverty, including general classes; (2) the causes of poverty; (3) institutions for treating poverty; (4) the prevention of poverty.

C. The Treatment of Mental Defectives. (1) Classification; (2) treatment of each class according to four divisions used in discussions of poverty.

D. The Maintenance of Public Institutions. (1) Specific problems of organization and administration; (2) centralization vs. localization; (3) business administration.

## NEGRO CAUGHT RANSACKING HOUSE

Police Think They Have Perpetrators of Many Recent Robberies.

### DISCOVERED BY STUDENT

One of the Suspects Made Escape—Goods Still Missing.

A suspect in connection with the robbery of six houses in Columbia in the last two weeks was found yesterday by the police when John Moss, a negro, was arrested for stealing about \$75 worth of clothing from the Bass residence at 1505 East Broadway. He was caught in the act of ransacking a trunk full of clothes yesterday afternoon at the Bass place, where P. F. Swindle, a student at the University of Missouri, had several boxes of clothes and books stored during the summer, and another negro, Sherman Lee, who has not been found by the police, was seen in the yard.

Swindle arrived in Columbia Monday, and yesterday when he went to the house where his goods were stored, he found Moss in the room. He obtained a revolver, and the negro willingly left. In the back yard, where the weeds are high, Swindle saw another negro, who left with Moss. Swindle telephoned to the police and later came to the station and described the negroes.

With Deputy Marshal E. E. Beasley, Swindle returned to the house, and after a search through the weeds, about \$50 worth of clothing was found. Some of it may have been taken before yesterday as all the missing articles have not been found. The police think that one of the negroes brought the articles from the house, and the other hid them in the weeds and kept guard.

After the description of the negroes was given, the police were practically certain of the men. E. E. Beasley arrested Moss this morning, and after being questioned, he confessed that he was the one seen yesterday, and he told the men where the goods had been hidden. More of the clothing was found in the back yard of the house on East Broadway. He said that Sherman Lee helped him. Lee has not been found.

Three houses in the south part of town were broken into on Saturday night, August 13, and three the following night. No arrests have been made for the offenses, and no traces of the robbers were found. Nothing valuable was taken except a gold watch and some small change at the residence of Robert's, at 1113 University avenue.

The houses that were broken into are: J. B. Mundy, at 1113 Paquin street; O. D. Davis, 400 Matthews street; P. S. Quinn, 16 College avenue; W. K. Bayless, 1316 Bass avenue; and Robert Stewart, 1113 University avenue.

Moss will be held over for trial at the October term of circuit court.

### RAIN HELPS FIRE SITUATION

900 Forest Rangers Are Missing in Idaho and Montana.

MISSOULA, Mont., Aug. 24.—Forest fire conditions in this vicinity are greatly improved. Rain has fallen in light showers at Deborgia and at Iron Mountain, Mont., on the west and the Upper Blackfoot on the east.

The most serious feature of the fire is that 900 forest rangers are missing in Idaho and Montana, but it is believed by experienced woodsmen that many of the fire-fighting parties will be found unscathed.

Aside from losses among the rangers the death roll probably will not exceed 100.

### Recovered From Operation.

Mrs. Edith Orr, of 1318 Kelser Avenue, who was operated on about ten days ago at the Parker Memorial Hospital, was taken to her residence yesterday evening.
